SECRET LAB OF EXPERIMENTAL STUFF

The Secret Lab of Experimental Stuff is a top-secret laboratory whose existence is highly classified so don't tell anyone about it or we'll get really cross with you.

The University of Somewhere denies all knowledge of the Secret Lab of Experimental Stuff, except on Open Days where members of the public may visit the facility and ask questions as long as they consent to a memory wipe when they leave. The memory wipe is harmless (well, we haven't really tested it properly, but no one's complained so far) and your memory of the visit will be replaced by a pleasant recollection of spending the day feeding the ducks in the nearby pond.
